Dear Jenni;

Thank you so much for the outstanding workshop you presented for our students here at the University of New Hampshire that focused on mindfulness, body awareness and physical impulses. It was so easy for me to relate what you were working on with the students with the Meisner based approach we utilize in this intermediate level acting class. I thought the way you adapted the exercises for the zoom format was both innovative and effective. It was obvious to me how much the students were getting from the workshop.

It was wonderful to have the opportunity for all of us to benefit from your expertise and to learn from such an insightful and inventive teacher/artist like yourself.

Best wishes, and I hope I will have the opportunity to see your work live, in the future.

Sincerely,

A handwritten signature in black ink that reads "David Kaye". The signature is fluid and cursive, with the first name "David" and last name "Kaye" clearly legible.
